THE RELOCATION TEAM

Working intensively with the expatriate community, we came to fully understand the housing and relocation process and procedures, the necessities, requirements and standards of every family coming to Romania, thus streamlining the selection and presentation of the requested services and properties.

This is how we managed to create a team specialized in offering customized look&see and real-estate services for any expatriate, no matter the nationality, religion, culture, line of work or social status. **Only between 2013 and 2015, this team managed to provide quality real-estate services to more than 600 expatriate families.**
